

Transitional Care Package (TCP)

Service Orientation & Charges

1. Service Targets

Elders with chronic illnesses that require ongoing medical and nursing care, or stable patients with advanced illnesses (e.g. dementia, multiple strokes, late-stage cancers, Parkinson's disease, etc.). If patient's condition deteriorates, the patient will be advised to increase frequency of medical round or change to "Palliative Care Package".

2. Holistic Care Service

Haven of Hope Sister Annie Skau Holistic Care Centre is committed to providing holistic care services to elders and patients with diverse needs. Our multidisciplinary team includes clinical service led by experienced palliative care, geriatric, and orthopedic specialists and nurses, rehabilitation service led by in-house physiotherapists and occupational therapists, psychosocial spiritual care service and social activities provided by social workers and chaplains. Through comprehensive assessments conducted by the multidisciplinary team, personalized care plans of high quality are developed to significantly enhance the quality of life for residents.

The Centre offers a variety of room options, including family suites, single rooms, twin rooms, and 4-7 bed rooms. Each spacious ward floor comfortably features a terrace garden, living room and dining area, creating a warm and tranquil homely environment. There are also special facilities such as rooftop garden, multipurpose activity rooms, a family health resource pavilion (Oasis Lounge) and a chapel, which cater to the physical, psychological, social, and spiritual needs of residents and their families.
